Dear Ms Boyadjieva, Dear Mr Denis,

I am writing to congratulate you for the perfect organization and the big success of the International Piano Competition "De Bach au Jazz". As a competitor it was a great pleasure for me to play in Paris in front of a high-level International Jury and such an enthusiastic public.

It has been a really great event. The proof is the fact that it collected 120 competitors of a very high level, every age, from all around the world. Even the most known competitions worldwide very rarely achive that.

The competition had such a big success already from the first time that it was oganized. That is very rare and it means that if it is continued and supported in the future, it has the possibility to become one of the greatest musical events worldwide. It has already began to get widely spread.

I really hope that the competition will be continued in the future and that it will have the support it deserves.

Best wishes,
Konstantinos Destounis
